Dabotics

- Duration : 1 Month
- Technology Used : HTML,CSS
- Projects : Scientific Calculator , Parallax Website

Designation Web Developer Intern

08/2023 - 08/2023

Internpe

- Duration : 1 Month
- Technology Used : HTML,CSS
- Projects : Scientific Calculator , To Do App

PROJECTS

<https://github.com/aadarsh1503/django>

- Contributed to a Django web application, implementing features such as student data management, subject marking, and dynamic ranking. Utilized Python, Django, and database interactions for effective data handling and display.
- Receipe Website - Integrate Django's built-in authentication system to enable user sign-up, sign-in, and log-out functionalities.
 - Implement access controls and user-specific views, allowing users to manage their own recipes, providing a personalized experience for each authenticated user.

Parallax Scrolling Website, a mesmerizing journey through captivating visuals and interactive storytelling

- Scientific Calculator - Developed a scientific calculator using HTML, CSS, and JavaScript
- Authorization and Authentication
